

Screening Brief Intervention Referral and Treatment (SBIRT) Model Initiative

Learn how to use SBIRT to identify substance use disorders and common mental health conditions!

Are you interested in incorporating SBIRT into your clinical practice?

Ever wonder how to...

Implement structured screening and assessment for individuals at risk of mental health and/or substance use disorders?

Engage an individual with mental health symptoms or risky substance use behaviors in a short conversation, providing feedback and advice?

Increase access to treatments for individuals whose screening or assessment shows a need for additional services?

All Live Sessions will run from 8:00 am to 9:00 am.

February 10, 2015: What is SBIRT? Dr. Caroline Bonham
